LABOR CONTRACT

THESE ARTICLES OF AGREEMENT, are made and entered into effective the 1st day of June, 2008 between the MID-AMERICA REGIONAL BARGAINING ASSOCIATION (hereinafter sometimes referred to as ASSOCIATION), for and on behalf of each of their present and future members jointly and severally, engaged in building construction (hereinafter referred to as EMPLOYER), and the CHICAGO REGIONAL COUNCIL OF CARPENTERS, (hereinafter referred to as UNION).

When the term "EMPLOYEE" or "EMPLOYEES" is used in this contract, it shall mean only such Employees as are covered by this contract

PURPOSE OF CONTRACT

The purpose of this contract is to arrive at a mutual understanding between the signatory EMPLOYER and the UNION regarding hours of work, working conditions, minimum wage scale, overtime pay; to stabilize employment and improve working conditions, promote safety and the welfare of the Employee, economy of operation, elimination of waste, quality of service and the protection of property; to establish a procedure for the peaceful adjudication of disputes and grievances and to set up the method by which these results are to be attained.

SCOPE OF WORK

This contract covers all Employees of the EMPLOYER signatory to this contract engaged in work properly coming under the jurisdiction of the UNION in Will County, Illinois. IT IS THEREFORE AGREED AS FOLLOWS:

ARTICLE I

Section 1: Recognition

The EMPLOYER agrees to recognize the UNION as the sole and exclusive bargaining agent for all of the Employees engaged in performing work properly coming under the jurisdiction of the United Brotherhood of Carpenters and Joiners of America as defined in its Trade Autonomy and established by decisions of record of the Building Trades Department of the American Federation of Labor and/or decisions rendered by the National Joint Board of Settlement of Jurisdictional Disputes.

The UNION agrees to recognize the EMPLOYERS Association named in the above caption as the sole and exclusive bargaining agent for all Employees engaged in work properly coming under the jurisdiction of the UNION and classified as Building Construction.

Section 2: Union Security

All present Employees who are or become members of the UNION shall remain members in good standing as a condition of their employment. All present Employees who are not members of the UNION and all Employees who are hired hereafter shall become and remain members in good standing in the UNION not later than eight (8) days following the beginning of

their employment or the effective date of this contract, whichever is the later. Upon written notice from the UNION notifying the EMPLOYER of the failure of any Employee covered by this contract to complete or maintain his membership because of non-payment of dues, the EMPLOYER shall, within twenty-four (24) hours of such notice, discharge said Employee.

Section 3: Protection of Prevailing Wages and Conditions and of Unit Work

(a) Application. The EMPLOYER is in the construction industry and both parties have elected to come under the provision applicable to the construction industry contained in Section 8 (e) of the National Labor Relations Act, as amended.

(b) Cease Doing Business. The EMPLOYER shall perform no work and if it has commenced work, shall cease work on any job in which any Employee of any other employer not covered by a collective bargaining agreement with a union affiliated with the Building Trades Department of AFL-CIO, or with a union affiliated with a Building and Construction Trades Council in turn affiliated with AFL-CIO, is working.

(c) Scope of Foregoing. Section 1 and 2 of this Article relates to contracting or subcontracting of work to be done at the site of the Construction, alteration, painting or repair work of a building structure or other work.

The territorial and occupational jurisdiction of the UNION, as stated in this Agreement shall be recognized to the end that the EMPLOYER shall not subcontract or contract out such work nor utilize the services of any other person, company or concern to perform such work without the express written consent of the UNION. If the UNION consents in writing to the subcontracting or contracting out of any such work, the EMPLOYER agrees that it shall not use for the performance of such work any person, company or concern that does not observe the same wages, fringe benefits, hours and conditions of employment as enjoyed by the Employees covered by this Agreement.

(e) Consistency with Federal Law. All provisions of this Article shall be interpreted, construed and applied in a legal manner consistent with the laws of the United States and not in conflict thereof.

Section 4: Procurement of Labor

The UNION and the EMPLOYER recognize that the UNION is in a position to aid the EMPLOYER in recruiting needed Employees who can meet the standards of the trade and who can promote the efficiency and safety of the operation of the EMPLOYER. The EMPLOYER agrees to notify the UNION when he is in need of new Employees and the UNION when requested, agrees to assist in securing qualified applicants and EMPLOYER agrees to give such applicants fair consideration consistent with the policies of the National Labor Relations Act as amended. Nothing in this paragraph shall be construed to limit the Employer from hiring from other sources.

ARTICLE II

Section 1: Management

It is understood and agreed that the direction of working forces and the right to suspend, transfer, lay off, promote, demote or relieve Employees of their duty shall be vested exclusively in the EMPLOYER. Provided, however, that the EMPLOYER shall not use this right for the purpose of discriminating against any Employee because of his membership or legitimate activities in the UNION.

It is understood that the EMPLOYER is to be the sole judge of the number of Employees needed on any particular job.

Section 2: Insurance-Employer's Number

The EMPLOYER agrees to file a valid certificate of Workers' Compensation Insurance approved by the State of Illinois and date of expiration of the policy with the UNION or its official representative, which information shall be available to the public on demand. Drug testing will be conducted by an independent accredited laboratory (National Instituted on Drug Abuse and/or College of American Pathology), and may consist of either blood or urine tests, or both as required. Blood test will be utilized for post accident investigation only.

The company will bear the costs of all testing procedures.

Section 6: Rehabilitation and Employee Assistance Program

(b) If treatment necessitates time away from work, the company shall provide for the Employee an unpaid leave of absence for purposes of participation in an agreed upon treatment program. An Employee who successfully completes a rehabilitation program shall be reinstated to his/her former employment status, if work for which he/she is qualified exists.

(c) Employees returning to work after successfully completing the rehabilitation program will be subject to drug tests without prior notice for a period of one year. A positive test will than result in disciplinary action as previously outlined in this policy and program.

Section 7: Random Drug Testing Policy and Procedures

The Random Drug Testing Policy and Procedure are as follows:

1. Employees Subject to Testing

The parties agree to the establishment of a random testing program that shall include all current employees and future employees.

2. Random Rate

Random testing may be conducted as follows:

(a) Once per calendar month the employer may randomly test a portion of the bargaining unit members working for the company.

(b) The employer shall maintain sufficient records of testing to allow the Union to determine whether the provisions of this Article are in compliance.

3. Selection Period

(a) The selection period is an interval within the program period for which a given number of random selections are performed. The frequency of selection shall be once during each calendar month, although the actual specimen collection may occur on any working day within that calendar month.

(b) Each individual company shall submit a current employee list for each selection period to a Third Party Administrator that will computer-generate a list of randomly-selected employees.

(c) Each individual company shall designate the specific day and time within the selection period the sample is to be collected for each employee selected. To ensure the deterrent effect of random testing, testing shall be spread out through the selection period and include a representative sample of all work days, including weekends and holidays when feasible. In no event shall an employee be required to submit to testing when the employee is not physically present on the jobsite or employer office and engaged in bargaining unit work for the company. Moreover, in order to be tested, the employee must be scheduled to perform bargaining unit work on a jobsite on the date the testing is to occur.

4.. Testing Procedures

(a) The cost of all tests, specimen collection and random selection shall be borne by each individual company. Each company shall pay the employee for all time spent complying with Section 32.7, including travel to and from the collection location and time spent for testing. Each randomly-selected employee shall be responsible for getting to and from the collection site in a timely manner. Failure of the employee to get to the testing site in a timely manner shall be deemed a refusal to be tested unless the employee can demonstrate by clear and convincing evidence that the failure to so appear was outside the employee's control. The Employer shall be responsible for transporting any Employee who does not have an individual means of transportation.

(b) Each individual company may elect to have the employee finish his work day at the collection location. Overtime provisions of the Agreement shall apply.

(c) Employees are required to cooperate in all specimen collection and/or testing procedures. This shall include providing a sample either on the job-site or collection location and having in their possession valid picture identification and any testing paperwork given to the employee by the company.

5. Testing

(a) The laboratory performing all tests will be certified for Federal Workplace Drug Testing Programs by the Department of Health and Human Services - Substance Abuse and Mental Health Service Administration (SAMHSA).

(b) Specimen samples shall be collected at the third party administrator collection location or at the job-site by a third party administrator who has been properly trained to collect specimen samples to meet guidelines established by the Department of Transportation.

(c) A split sample shall be secured from each employee tested. When a urine sample is taken, the sample will be collected in a single container and then split into two containers by the collector. When an oral swab is taken, the collector shall swipe into two separate swabs and keep each swab separate.

(d) All initial tests will be tested by the accepted industry standard screening methodology appropriate for the type of specimen. All initial positive tests shall be confirmed by gas chromatography/mass spectrometry (GC/MS) or the appropriate industry standard confirmatory methodology appropriate for the type of specimen.

(e) Urine and/or oral fluids may be tested.

(f) Testing for alcohol shall be at the option of the company. Testing for alcohol shall follow 49 CFR Part 40 Subparts J and K Procedures for Transportation Workplace Drug and Alcohol Testing Programs for the Department of Transportation, as that provision may from time to time be amended.

(g) All illegal drugs, controlled substances, look-alike drugs, and designer drugs, may be tested for.

(h) Use of prescription drugs outside the parameters of the prescription and physician's advice may be tested for.

(i) The United States Department of Transportation levels for 'positive' or 'negative' drug test results shall be the standard where applicable. Alcohol test results of .02 and higher shall be treated the same as a positive test result.

(j) All confirmed positive test results shall be reviewed, verified and reported to each company by a Medical Review Officer (MRO). The MRO shall not review positive alcohol tests reported from a breathalyzer.

6. Test Results

(a) Test results that are verified by the MRO as positive or positive dilute shall be handled in accordance with the Agreement, including termination of employment.

(b) Test results that are verified by the MRO as adulterated or substituted as determined by the laboratory and verified by the MRO shall be treated as a positive test result.

(c) Test results that are verified by the MRO as negative dilute shall allow for a new specimen collection and test at the company's discretion. The second test result shall be considered the test of record and the first result disregarded.

(d) Test results that indicate misuse of prescription drugs shall be treated as a positive test result.

(e) A refusal to provide a sample shall be treated as a positive test result.

(f) Specimen samples that cannot be collected, or collected properly due to an uncooperative employee shall be treated as a positive test result and handled in accordance with the Agreement.

(g) In the case of a specimen sample that cannot be collected because an employee does not provide a sufficient amount of urine for the drug test (i.e., 45 ml of urine), the following procedures shall be followed:

1) The collector must discard the insufficient specimen, except where the insufficient specimen was out of temperature range or showed evidence of adulteration or tampering, in which case the test is treated as a positive or positive dilute test result;

(2) The employee shall be given the opportunity to drink fluids but shall not be forced to drink fluids. The employee shall be informed that he or she has up to three hours to produce an adequate urine specimen, and when that three hour period begins and ends.

(3) If the employee refuses to attempt to provide a new urine specimen or leaves the collection site before the collection process is complete, it is treated as a refusal to test.

(4) If the employee is unable to provide an adequate urine specimen after the conclusion of the three hour period, the collector must immediately inform the employer and follow 49 CFR Part 40.193 Procedures for Transportation Workplace Drug and Alcohol Testing Programs from the Department of Transportation, as that provision may be from time to time amended. The company, at its option, can require testing by an alternate method, including blood or oral fluids.

(5) Test results that indicate a fatal flaw, invalid sample, cancelled test, damage in shipment, defect in collection procedures, laboratory errors shall result in a new specimen collection and test at the company's option.

7. Indemnification and Hold Harmless

The Employer shall release, indemnify and hold the Union including its officers and agents completely harmless from any claims and allegations of loss, damage and injury resulting from the implementation of random testing which is not specifically authorized by the terms of this Article.

8. Policy of Non-Discrimination and Non-Harassment

The Employer is strictly prohibited from using this random testing procedure to either harass or discriminate against any person for any reason.
